Specifications

- Designed to protect the edges of laminates, veneers, and thin materials (up to 4.5mm thickness).
- Covers the exposed core of laminates, providing a sleek and chamfered finish.
- Enhances durability while maintaining a polished and refined look.

Key Features

- **Furniture & Cabinetry** : Ensures a smooth and professional edge finish.
- **Wall Paneling** : Protects exposed edges, preventing chipping and wear.
- **Flooring** : Shields resilient flooring edges from damage and prolonged wear.

Ideal Applications

- Interior designers, architects, and contractors aiming for a clean, professional finish in residential, commercial, and hospitality spaces.
